ABOUT

I'm a 32yr old Visual Designer from San Antonio, TX. I have strong interest in all things design - this includes web, visual, development, packaging, branding and user experience. I have a special interest in typography, color theory, and composition.

I have 5 years of experience working as a visual and ux designer for a major web hosting company and 5 yrs working as a freelance graphic designer. I value people over profits and quality over quantity. I enjoy breaking down problems and developing simple solutions.
